

# APPOINTMENT MOVE-IN TIPS

## BE PREPARED.

- Familiarize yourself with the route before arriving to campus.
- Be aware that we will be writing on your vehicle's window with chalk marker.
- Leave unauthorized pets at home.
- Pack less than you think you'll need, remember that you can also purchase things once you arrive.

## PLAN FOR YOUR SPACE.

- You will only be allotted one 20-foot-long parking space in front of your building. Only one vehicle will be given curbside access to the building.
- Be prepared to carry belongings from the parking garage to your building. Bring a wagon or hand truck, if possible, to help transport items.

## PRINT MOVE-IN VOUCHER.

- Access your move-in voucher in the Housing Portal in August.
- Print your voucher and place it in the windshield of the car you plan to take to your building.
- If there are multiple students in one party, every student should have their printed voucher in the vehicle.

## ARRIVE ON TIME.

- Arrive as close to the start of your move-in appointment as possible. If you arrive too early you will be directed to wait in a parking garage until your scheduled time.
- If you arrive too late or miss your appointment, you will have to select a new one from limited remaining options.

## MAKE UNLOADING EASY.

- GCU staff and students will be here to greet you, but feel free to bring people to help you move in.
- Check out a Campus Cruiser (aka large box on wheels) from your building's lobby to help you carry large items.
- Bring a wagon or hand truck to make unloading easy.

## BE PRESENT AT CHECK-IN.

- GCU staff and students will be ready to greet you and check you in upon arrival at your building.
- As the student, you must be present to complete the check-in process. Roommates or family members cannot check in on your behalf.
